Against Transparency: The perils of openness in government.

Description

Tweet

Being a keen advocate of greater transparency by aid agencies and programmes this article interested me.

See it on the New Replublic website, published on October 9, 2009

The author, Lawrence Lessig, â??is professor of law and director of the Edmond J. Safra Center for Ethics at Harvard Law School, and the author most recently of Remix: Making Art and Commerce Thrive in the Hybrid Economy (Penguin). He is on the advisory board of the Sunlight Foundation and on the board of Maplight.orgâ??
