Regulatory Impact Analysis (RIA) Training Course

Description

Tweet

Date: 6-10 October
Venue: College of Europe, Bruges Campus, Belgium

Dear Colleague,

The *College of Europe* and *Jacobs and Associates Europe* invite you to participate in our 5-Day **Regulatory Impact Analysis (RIA) Training Course** on the principles, procedures, and methods of RIA. This practical, hands-on, course was given in March, and due to demand, will be offered two more times in 2008 â?? in June and October. The course, by the most experienced public policy and RIA trainers in Europe, is expressly designed for policy officials and executives who use RIA to improve policy results.

The course will benefit any official using RIA in environmental, social and economic fields as well as stakeholders such as business associations, NGOs and consultants who want to understand better how to use RIA constructively. The course is open for subscription worldwide and is presented in the historic city of Bruges, Belgium. A discount is offered for early registration.
