# Participatory Impact Assessment (1998)

## Description

Tweet

*Participatory Impact Assessment: A Report on a DFID Funded ActionAid Research Project on Methods and Indicators for Measuring the Impact of Poverty Reduction*. Goyder, Hugh, Rick Davies, Winkie Williamson, and ActionAid (Organization). **1998.** ActionAid.

This does not seem to be available online anywhere, so I have scanned a copy to make it available as a pdf

It is posted here as an item of historical interest, not as a reflection of what could or should be cutting edge practice in 2013!

BEWARE: IT IS A VERY LARGE FILE

Contents pages:

1 **Executive summary**

2 **Introduction**

3 **Background and objectives of study**
3 Initial assumptions and expectations
4 Research objectives
4 *Box 1: The Indicator Dilemma*
4 *Box 2: Unplanned negative impact indicators ActionAid Uganda*

5 **The concept of Participatory Impact Assessment**
5 For whom is impact assessment necessary?
7 The need for participation at all stages of a project
6 *Box 3: The Regional Impact Assessment Workshop and Pilot Field Study ActionAid Ghana*

8 **Implications of the research**
8 Understanding the extent of participation in impact assessment
10 Making the best use of existing monitoring systems
8 *Box 4: 'Tracer Studies' to follow*
10 *Box 5: Community Based Monitoring Systems ActionAid Ghana*
11 *Box 6: Peoples participation in monitoring and evaluation ActionAid India*
12 *Box 7: PRA and participation ActionAid Bangladesh*

13 **Implications of research for methodology**
13 Measurement
13 Ranking exercises

15 **Bangladesh country summary**
15 Background
15 How the research was done
16 Summary of key findings
19 Conclusion
16 *Figure 1: PRA exercises used in four shomities in Netrakona and Jamalpur*
16 *Figure 2: Problem identification exercises used in Netrakona only*
17 *Figure 3: Gender differences in preferences for changes*
20 *Figure 4: New indicators identified by ActionAid Bangladesh staff*
21 *Box 8: CARE workshop on NGO evaluation experiences in Bangladesh*

22 **India country summary**
22 Background
22 How the research was done
22 Summary of key findings
29 Conclusion
24 *Figure 5: Preferences for change in CDC*
26 *Figure 6: Exploring change and hopes for the future ActionAid India*
27 *Box 9: Preferences in Sambhav*

30 **Ghana country summary**
30 Background
30 How the research was done
33 Summary of key findings
37 Conclusion
31 *Box 10: Community perceptions of poverty through proverbs*
32 *Box 11: Sample interview with community member to assess project relevance, participation, impact and sustainability – Agriculture and Environment sector*
33 *Box 12: Example of child record sheet*
34 *Box 13: Sample summary sheet for four children*
35 *Box 14: Community asset maps for Komaka Village*
36 *Box 15: Examples of changes to Ghana projects as a result of the Impact Assessment Study*

38 **Uganda country summary**
38 Background
38 How the research was done
41 Summary of key findings
45 Language, meanings and knowledge
45 Conclusion
39 *Box 16: Examples of existing community monitoring and evaluation skills*
40 *Box 17: Locally specific impact indicators in Apac*
42 *Box 18: BAP, gender issues and women's perception of impact*
44 *Box 19: Key informants on M&E: The Tax Collector's Story*
44 *Box 20: Village immersion*

46 **Key lessons from the research**
46 Filtering and organisational culture
46 Towards a culture of impact assessment in NGOs
47 The need for greater criticism of the methods themselves
47 Indicators
48 Gender

51 **Conclusion**

52 **Glossary of terms**

56 **Bibliography**
56 Recent ActionAid publications/reports
57 International Education Unit
57 MandE News Website

This 1998 report was based on a set of documents produced by Rick Davies and Winkie Williamson, following their field visits to Bangladesh, India, Ghana and Uganda. The two main summary documents were:

- Summary-Report: Methods and Indicators for Measuring the Impact of Poverty Reduction: An ODA Funded ActionAid Research Project.Rick Davies and Winkie Williamson, 1997
- Guidance Notes on Increasing the Participation of the Poor in the Assessment of the Impact of Development Interventions. Rick Davies, 1997. Methods and Indicators for Measuring the Impact of Poverty Reduction:An ODA Funded ActionAid Research Project

The four country specific reports are available on request
