A Guide to Monitoring and Evaluation of Nutrition Assessment, Education and Counseling of People Living With HIV

Description

Tweet

The Food and Nutrition Technical Assistance (FANTA) Project is pleased to announce the release of A Guide to Monitoring and Evaluation of Nutrition Assessment, Education and Counseling of People Living With HIV. The guide provides guidance and tools to support programs in monitoring and evaluating nutrition interventions for people living with HIV government health system staff who are responsible for designing and implementing M&E systems. The guide can be used to select indicators, set targets, plan data collection and tabulation processes and interpret and use the information obtained.

Support for this guide was provided by USAID/East Africa and USAIDâ??s Bureau for Global Healthâ??s Office of Health, Infectious Disease and Nutrition.

The guide can be downloaded from FANTAâ??s website at www.fantaproject.org.
