Final Report May 2008, Hanne Lund Madsen, HLM Consult

As a first step in the follow-up to the Assessment of the Administration of the Danish NGO Support, the Evaluation Department of the Ministry in cooperation with the Quality Assurance Department and the NGO Department wished to map the existing evaluation and monitoring practices among the Danish NGOs with a view to establishing the basis for a later assessment of how Danida can systematize the use of results, measurements and evaluations within the NGO sector.

The mapping has entailed the consideration of M&E documentation from 35 NGOs, bilateral consultation with 17 NGOs, interviews with other stakeholders within the Ministry, the Danish Resource base, ProjektrÃ¥dgivningen and a mini-seminar with Thematic Forum.
