Paul J. Gertler, Sebastian Martinez, Patrick Premand, Laura B. Rawlings, Christel M. J. Vermeersch, World Bank, 2011

Impact Evaluation in Practice is available as downloadable pdf, and can be bought online.

â??Impact Evaluation in Practice presents a non-technical overview of how to design and use impact evaluation to build more effective programs to alleviate poverty and improve peopleâ??s lives. Aimed at policymakers, project managers and development practitioners, the book offers experts and non-experts alike a review of why impact evaluations are important and how they are designed and implemented. The goal is to further the ability of policymakers and practitioners to use impact evaluations to help make policy decisions based on evidence of what works the most effectively.

The book is accompanied by a set of training material â?? including videos and power point presentations â?? developed for the â??Turning Promises to Evidenceâ?• workshop series of the Office of the Chief Economist for Human Development. It is a reference and self-learning tool for policy-makers interested in using impact evaluations and was developed to serve as a manual for introductory courses on impact evaluation as well as a teaching resource for trainers in academic and policy circles.

CONTENTS
PART ONE. INTRODUCTION TO IMPACT EVALUATION
Chapter 1. Why Evaluate?
Chapter 2. Determining Evaluation Questions
PART TWO. HOW TO EVALUATE
Chapter 3. Causal Inference and Counterfactuals
Chapter 4. Randomized Selection Methods
Chapter 5. Regression Discontinuity Design
Chapter 6. Difference-in-Differences
Chapter 7. Matching
Chapter 8. Combining Methods
Chapter 9. Evaluating Multifaceted Programs
PART THREE. HOW TO IMPLEMENT AN IMPACT EVALUATION
Chapter 10. Operationalizing the Impact Evaluation Design
Chapter 11. Choosing the Sample
Chapter 12. Collecting Data
Chapter 13. Producing and Disseminating Findings
Chapter 14. Conclusion
