Date: 8 October, Time: 13.30 to 17.00
Venue: VSO International, Carlton House, 27A Carlton Drive, Putney SW15 2BS, London, UK

Topic: Managing Partnerships: what does it mean for quality and effectiveness?

Many INGOs operate in partnership with national and local NGOs. The tools we use to manage these relationships have a major effect on everyone involved, and the effectiveness, quality and relevance of our work. This session will offer an opportunity to engage with two initiatives which focus on making these relationships work better.

- **Tracey Martin** will present the **Barefoot Collectiveâ??s** approach to supporting organisations to develop their potential to bring about change.
- **Natalia Kiryttopoulou** will share **Keystone Accountabilityâ??s** feedback surveys which help organisations understand how partners perceive their work.

These approaches present exciting challenges to the way that we manage performance and measure results with partners. **Come along to join the discussion!**

This is an open event, for BOND members and others. Please pass this invitation on to others who may be interested.
