

M&E training to be provided by IMA International

## Description

[Tweet](#)

June 2008

IMA International's Project Planning Course **2-6 June 2008** in Bangkok. All you need to know about project design, participatory planning and implementing your project through a robust log-frame. Integrate your long-term goals into your day-to-day schedule. For more information, or to apply, see our website at [www.imainternational.com](http://www.imainternational.com)

July 2008

IMA International's Monitoring & Evaluation in Development Course **7-18 July** in Cape Town. A structured approach to developing, maintaining and implementing an M&E system. Including SMART indicators, data collection, analysis and communicating results. Emphasis on participatory methods to promote stakeholder commitment for sustainability. For more information, or to apply, see our website at [www.imainternational.com](http://www.imainternational.com)

IMA International's Advanced M&E Workshop **21-25 July** in Cape Town. This course will provide a step-by-step process for designing sustainable M&E systems at programme level, addressing common challenges such as the needs of multiple stakeholders; operating within specific organisational and social cultures; dove-tailing the requirements of project, area, regional and national levels. For more information, or to apply, see our website at [www.imainternational.com](http://www.imainternational.com)
