A list of M&E training providers

Description

Tweet

Update 2014 12 20: The contents of this page have become woefully out of date and it would be more than a full time job to keep it up to date.

My advice is as now as follows:

> If you are looking for M&E training opportunities visit the MandE NEWS Training Forum, which lists all upcoming training events. There are many training providers listed there, along with links to their websites
>
> Please also consider taking part in the online survey of training needs.
>
> If you are a training provider, please look at the cumulative results to date of that survey.

I have now deleted all the previous training providers that were shown below

Category

1. Lists of sources re ...
2. Training
3. Training providers
