â??On the 20th and 21st of March 2014 CDI organized her annual â??M&E on the cutting edgeâ?? conference on the topic: â??Improving the Use of M&E Processes and Findingsâ??.

This conference is part of our series of yearly â??M&E on the cutting edgeâ?? events. The conference was held on the 20th and 21st of March 2014 in Wageningen, the Netherlands. This conference particularly looked at under what conditions the use of M&E processes and findings can be improved. **The conference report can now be accessed here** in pdf format

Conference participants had the opportunity to learn about:

- **frameworks** to understand utilisation of monitoring and evaluation findings and process;
- **different types of utilisation** of monitoring and evaluation process and findings, when and for whom these are relevant;
- **conditions** that improve utilisation of monitoring and evaluation processes and findings.
