Dear Colleagues

The Edinburgh Evaluation Summer School (http://www.chs.med.ed.ac.uk/ruhbc/evaluation/summerschool2008) is now in its 3rd year; the prior summer schools have attracted interest from evaluators and planners from all disciplines. As in prior years, the Summer School faculty will include world class evaluation scholars and practitioners. As well as providing a platform of learning from world class evaluation scholars and practitioners, the Summer School also fosters a community of learning and gives participants a platform to raise questions and discuss topics relevant to evaluation.

The Edinburgh Evaluation Summer School will this year take place on the following dates:

May 19th â?? 21st: Evaluations and Inequalities
May 26th â?? 28th: Getting Real About Impact Evaluation

Further details on each class and how to secure your place on this yearâ??s courses can be found on the Summer School website.
