M&E training to be provided by MDF-ESA

Description

MDF-ESA is a training and consultancy organisation strengthening management capacities of people and their organisations. MDF-ESA is part of the international MDF Group delivering services adapted to the East and South African context. In May and June 2008, MDF-ESA offers the following [M&E related] training courses: Tweet

Project Cycle Management (PCM): Planning 9 â?? 13 June 2008 Nairobi, Kenya

PCM Plan deals with the dominant planning methods for projects in development setting as well as private sector, covering Stakeholder analysis, logicalframe approach, indicators, resource allocation and budgeting, appraisal and proposal writing

Monitoring and Evaluation (M&E) 16 â?? 20 June 2008, Nairobi, Kenya

PCM M&E provides skills and tools to design a results-based monitoring system. The participants must be familiar with the logframe approach.
